

National Dairy Show DE LAVAL Butter Award Triumph as Usual

The great NATIONAL DAIRY SHOW was held at Milwaukee, Wis., October 15-24, and in keeping with the invariable results since "ALPHA-DISC" DE LAVAL CREAM SEPARATORS went into use all the HIGHEST BUTTER and CREAM awards went to DE LAVAL users, in this latest representative contest, which included the exhibits of nearly one thousand of the best butter and cream producers throughout the country.

The three highest awards in the CREAMERY BUTTER class—all to DE LAVAL users—were as follows:
A. J. ANDERSON, Otisco, Minn., Score 97
THOR. MOE, Winthrop, Minn., Score 96 1/2
A. L. OESTRICH, Watertown, Wis., Score 96

The highest award on DAIRY BUTTER was to F. Daingard, Camp Point, Ill. — Score 94 1/2 — a DE LAVAL user.

The highest award in the CERTIFIED CREAM contest was to G. Van B. Roberts, Highland, N. Y. — Score 99 — a DE LAVAL user.

The highest award in the CREAMERY PATRONS contest for hand separator cream was to G. B. Fisher, Viroqua, Wis. — Score 93 1/2 — a DE LAVAL user.

Full details of all the entries and scores have not yet been made public, but there is no doubt that the vast majority of all exhibits scoring 80 and above will prove to have been DE LAVAL made, as heretofore.

Incomplete reports have been received of highest butter awards at the various STATE FAIRS this year, but practically all of them have been to DE LAVAL users, including particularly New York, Indiana, Michigan, Missouri, North Dakota and South Dakota.

As has been said before, the separator does not of itself insure the making of the best butter, but the superior mechanical and sanitary bowl construction and low speed of the DE LAVAL separator indisputably enable the production of better cream and better butter under the same conditions than can possibly be made in any other way.

This is something that even the most enterprising and resourceful of those who seek profit through the manufacture and sale of would-be competing separators never attempt to explain or deny — that practically all the best butter, as evidenced by the higher awards in all representative butter contests, is and has for more than twenty years been made by users of DE LAVAL cream separators.

Hence the great advantage to every DE LAVAL user in having the separator that not only makes the MOST but the BEST cream and butter, is the simplest and easiest machine to use and lasts an average of twenty years against from two to five years in the case of all others.

A DE LAVAL catalogue helps to make plain the reasons for DE LAVAL superiority in good buttermaking and other respects, and is to be had for the asking.

SPORTS

BY V. L. STEVENSON.

Boxers Keep Open House

There was something doing down at Charlie Reilly's training quarters on Alakea street yesterday afternoon. The fans had been passed the word and a big bunch of them rolled up to see the eight round exhibition between Sarconi and Reilly.

Many well-known fans could be seen around the room, and, although there was no roped-in arena, a space was cleared for the boxers to work in. Professor Robert Ross officiated as master of ceremonies and he managed the show in his best manner.

After Reilly had wrapped himself in a few layers of clothes so as to work up a perspiration he did his skipping and shadow sparring acts. He certainly is in fine form now and was breathing like an infant at the close of his exercises.

"Take care the Bugler doesn't flatten you out, Charlie," yelled an admirer. "No fear," replied the lightweight. "I am going to give him his little package."

And when the men got together there was fur flying for sure, and the way the boxers mixed things made the spectators open their eyes and inquire of one another "What percentage does the loser get?"

Sarconi, of course, started in to wipe the earth with Reilly, but the latter just smiled sweetly and blocked and countered as he felt inclined. It was a treat to watch the way Charlie took the punches either on his elbow or shoulder.

Five rounds were boxed at a very lively clip, and there was no mistaking that both Sarconi and Reilly were really having a tryout before the night of their real engagement at the Orpheum.

Reilly cut loose in the seventh round, but the Bugler met him half way, and some fierce scrapping vented. If the men had been using the ordinary match gloves instead of "pillow cases" it would have been the count for someone for sure.

The last round saw all the fans greatly excited, and the way Reilly opened up showed that he was going to land just one on the Bugler before time was declared. Sarconi forced the fighting right through the round, but Reilly just waited, and towards the finish threw in an uppercut that sat Sarconi down with a bump.

The go was a beauty, and the fans, by their loud applause, showed their appreciation of the show. Reilly finished as fresh as a daisy, and showed that he is in excellent form as regards wind, etc.

Sarconi has improved a lot, and it is hard to realize that he is the same lad who stepped onto the Orpheum stage some months ago and exhibited such crude form.

He will make Ah Sam box his best next Wednesday night, and as the Chinese boy is also in fine condition there should be a fine go when the two meet.

Coyle is working hard for his match with Richards and has lost some of the fat that was troubling him. He and Limey should provide some real good fun in the squared circle. Three good bouts will be put on next Wednesday evening, and as the tickets are going off rapidly, there should be a big crowd at the show.

Dick Cullen will give an exhibition at the Orpheum this afternoon, and he and Ah Sam will box four rounds to be followed by four more between "Kid" Terry and the present lightweight champion. All the fans are invited to roll up this afternoon and watch the show.

Indoor Baseball This Evening

There will be a game of indoor baseball at Kalihl Chapel tonight between the Kalihl and Palamas. All players must be under 18 years of age.

If the Palamas win, they will be the champions of the inter-club series. If the Kalihl win, there will be another game to decide the championship. The line-up of both teams is as follows:
Kalihl—A. Lidwood, c.; G. Traeh (Captain), p.; J. Forster, 1b.; G. Mills, 2b.; H. Marino, 3b.; H. Yap, ss.; Stroup, rf.; F. Colburn, cf.; Bolster, lf.
Palamas—Chinito (Captain), c.; A. Parker, p.; Kimmitt, 1b.; Wm. Houplli, 2b.; J. Nunes, 3b.; Ah Kwong, ss.; Diamond and Loka, rf.; H. Aki, cf.; Geo. Kealoha, lf.

The game promises to be a very hard-fought out one as so much depends on the result. These indoor games are catching on and a big crowd always attends to watch the play.

155 editorial rooms—256 business offices. These are the telephone numbers of the Bulletin office.

Nipponese At Athletic Park

Captain Takeshita, and the officers and men of the Japanese cruiser Idzumo witnessed one of the most interesting athletic day sports ever held at Athletic Park, yesterday afternoon. The neat white uniforms of the naval defenders of Dai Nippon added much to the scene. Japanese flags were displayed all over the park.

The Hawaiian band, under the leadership of Captain Berger, played Kimigayo, the Japanese National air, and several other Oriental and Occidental selections.

Promptly at 2 o'clock, Captain Takeshita and Consul General Uyeno arrived at the park in an automobile, and were received by Mr. Tokieda, chief of the entertainment committee. Preceding the sports, the general gathering, numbering about five hundred, sang the naval war-song with enthusiasm.

Following this, the two contesting teams marched out on the grounds and then began an exhibition of their skill in general athletic sports, such as racing, wrestling, baseball and other physical exhibitions. The spectators were greatly amused at the way the men from the Idzumo worked through the various movements on the grounds.

Mr. Tokieda, who looks after the comfort of the visiting sailors, during their stay here, had prepared stands for pineapples, cold drinks, and other refreshments, suitable for such occasion.

On one side of the grounds was a booth where the dancers and singers carried out their part of the program. This was greatly appreciated by the men, who have seen nothing like it since they left Japan.

The sports were called off at about 4:30 o'clock. Among those present were Captain Takeshita and staff, Consul General Uyeno, Mr. Tokieda and several prominent Japanese. In the evening, the officers were the guests of the Honolulu Japanese, who gave dinners for them.

Annual Walking Race Booming

Once more interest is being worked up in the annual walking race from the junction of Kalakaua Avenue and King street, to the Waikiki Inn. This event, which is purely a sporting one without any taint of gate money, is a very popular one.

No entrance fee is charged and the prizes are donated by local merchants, who take an interest in amateur events. The distance to be covered is about one mile and three quarters, and anyone who can, in the elimination test, cover the distance in nineteen minutes, will be eligible to compete in the race proper, which takes place on Sunday, December 19.

The elimination race will take place on Sunday, December 12, and all those who wish to start in the final must have competed in the preliminary, and also have covered the distance within the time limit—19 minutes.

Cheatham, Ayres, Densham, Sullivan, Sam Hop, McTighe, Feagler and several other heel and toe artists are entering for the race and the result should be a fine afternoon's sport.

The committee in charge of the walking race will get together as soon as possible and arrange many little details that have to be attended to. The officials will be announced in a few days and the date of closing of entries also made public.

A fat man's race will also be pulled off—minimum weight 200 pounds—and quite a number of the momona brigade say they can't lose the event. Every night a couple of 225 pounders can be seen going over the course, but they are up against it in two ways, if they train they lose weight so quickly that they drop below the 200 mark, and if they don't train they cannot cover the distance at a decent pace!

Poor old Charlie Lambert, the winner of last year's race, has been laid up and been operated on. He may be alright in time for the race and everyone hopes so, as he is a good sport and always ready to give any branch of sport a helping hand.

The Town team of footballers are making a real start in hard practice next week for their final go against the Marines. At present the Townies are not turning out in sufficient numbers to do much good. It is expected that things will assume a different aspect on Monday next.

Entries will be received for the Y. M. C. A. Junior tennis tournament; the opportunity is given young fellows who are not well known as players to get into the game and astonish the public.

The Malle soccer team will start in to practice next Monday on the Makiki ground, and as they have a promising lot of material, should show good form from the start.

RECREATIONS

THE PARK THEATER.

These warm nights, when the mosquitoes bite too often for the veranda to be a comfortable place in which to spend the evening, the Park Theater offers special inducements. There is always a program that combines amusement with education. No place in Honolulu has the care bestowed upon the arrangement of a program equal to that which the management of the Park gives the selection of the pictures shown there. In the program for this evening will be one that shows the machinery for the making of diamonds and how it was ruled by the single stroke of a hammer. Another is "The Plot That Failed." This tells of the efforts of a couple of men to get possession of a farm and who are frightened away by alleged ghosts. It is a pretty good series as far as interest goes but the plausibility of the story is negated by one or two pictures of the interior of the dwelling. There will be good music to help out an already interesting program.

THE ART.

Wise, Milton and Rance Smith, the vaudeville artists now at the Art, are too well known in Honolulu to need any introduction and had they been utter strangers on the night of their initial appearance at the Art, they have made themselves so popular that one can hear their latest songs sung and whistled all over town. This aggregation of talent have been playing to crowded houses nightly and on their opening night at the Art, the management was obliged to turn patrons away from the box office, the house being sold out twice in the same evening, to the last box seat. Come early and avoid the crush.

WAVERLEY DANCES.

Allow nothing to interfere with your enjoying one or more of the dances at the Waverley tonight. No place in the city has a jollier crowd and nowhere can the dances be more enjoyable. The Kawahau Quintet Club, of which Manager Nainoa of the Waverley is the leader, is quite as good music as can be found in this city and it furnishes the most entrancing music for the two-step or waltz. The attendance at the Waverley is on the increase and the order is as good as will be found anywhere.

Foursome At Country Club

On Thanksgiving Day the Country Club will be en fete and the usual big crowd of golfers is expected to turn out. The foursome which is to be played is attracting a lot of attention and, as the links are in excellent condition, a most enjoyable day should be spent.

The Country Club is a favorite rendezvous on Sundays and holidays, and generally a large number of members spend the day there. Lunch is provided and after a lounge and smoke on the lawn the game is taken up again. The automobile will, as usual, run from the end of the car line to the club house, and it is a great convenience to the tired golfers on their way home to town.

SHORT SPORTS.

Members of the N. G. H. who are to take part in the Military sports meeting on November 27, are requested to be at the Boys' Field every afternoon about 4:30 o'clock. Training stunts will be gone in for, and the necessary polish put on the men who are to go up against the pick of the regular regiments on the big day.

At last night's meeting of the High School soccer league team, held at the Y. M. C. A., John Clarke was elected captain and E. B. Blanchard, manager of the team. Practice will be gone in for on Mondays, Wednesdays and Fridays, at the Makiki field, and all players are requested to turn out after 4:30 o'clock.

Tin Chong, the well known Chinese baseball fan of Honolulu, is now in Dayton, Ohio, and is doing some advertising for these islands. Chong's description of the opening day of the Oahu Baseball League appears in the Dayton Herald, and is a good one too.

The Camp Very second team would like a game against either the College of Hawaii or High School football team. The Marines have been practicing with their first team but would like to have a go with some other team for keeps.

Archie Robertson is going in for the sailing game and is anxious to handle a boat against the Galloping Mary. He will probably sail the Dancing Sally and will make the skipper of the Mary use his best head work to win.

Ayres, the challenger of Kuo or any other Marathon runner, returned from his trip around the island O. K. He reports that the heat was terrible in places, and that at Wahiawa there was no wind or shade to speak of.

Editor Day of "The Rudder," has written to Dr. Sanford asking for a photograph of a sea wren under sail, as he is convinced that there is something wrong with the set of the canvass.
